

WORKING PEOPLE'S DAY OF ACTION

Monday, February 26, 2018

**Stand up for your freedom to
join unions for a better life.**

**Wear a sticker and post a message of support on
social media. If possible, come to an event near you.**

**WORCESTER CITY HALL
455 MAIN STREET
5 P.M. on February 26**

THE CHALLENGE: The Supreme Court will hear oral arguments in *Janus v. AFSCME* on Feb. 26. Backed by the same corporate CEOs and billionaires who want to privatize public education, this case is intended to weaken the power of public employees to organize for themselves, their families and the common good.

THE RESPONSE: We are striking back by building our collective power — member by member. Whether it's defeating Question 2, stopping the GIC, fighting for a fair contract, or advocating for quality education for all students, we are **All In** for the freedom to negotiate collectively for a better future.
