CHERISH OUR PUBLIC COLLEGES AND UNIVERSITIES
AND **END DECADES OF AUSTERITY BUDGETS**

PUBLIC HIGHER EDUCATION ADVOCACY DAY

9:30 a.m. to 2:30 p.m.
State House

Tell state legislators how underfunding of public colleges and universities for two decades has affected you and your students.

Our stories will demonstrate why it is necessary for the state to increase funding **NOW** for public higher education by **\$120 million** and why we must pass the *Cherish Act*. The *Cherish Act* will reinvest **\$600 million** in public higher education over five years.

Join with hundreds of students and colleagues from community colleges, state universities and the UMass system for a day of advocacy and visits to legislators.

- Training provided that morning
